

**WORKSHOP
WEDNESDAY!**

TINY'S SLIDE & MUSIC BOAT

PRINT PAGE 2 & 3 ON A4

YOU WILL NEED:

- cereal box
- foil
- 4 milk bottle lids and 1 jar lid
- cardboard tube cut in half and painted brown
- your toy figurine
- a grown-up to help

Pop your toy in through the top and watch them slide into the boat. Have fun flying them out of the living cave and into space!

**SAVE PAPER!
JUST PRINT
PAGE 2 & 3**

1

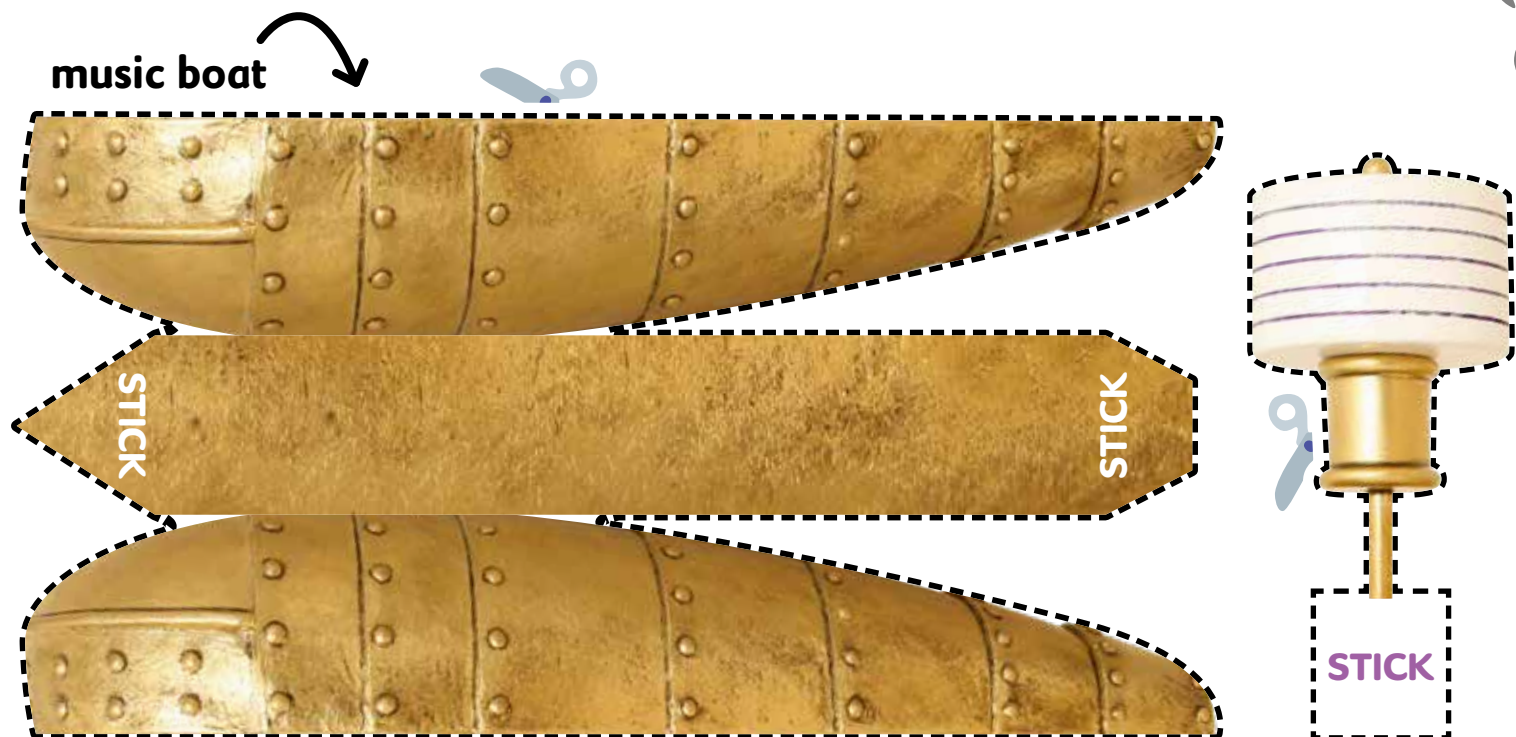

Cut around 3 sides of the cereal box so the front flaps down. Cover the bottom flap and the bottle lids in foil to make the planet's surface. Stick the picture of the living cave to the back of the box.

2

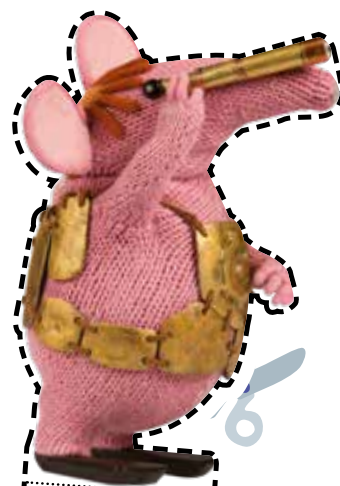

Stick the cardboard tube to the back of the box: this is a slide for Tiny! Cut a hole at the top left of the box and make a lid to go over it by covering the jar lid in foil.

3

Cut out and make Tiny's boat and put it at the end of the slide. Add the other Clangers and the Soup Dragons to the scene!
